Class History

On a bright September morning in 1945, 11 wide eyed children began a long journey through twelve very important stages of their lives. They were Deanna Abbott, Marilyn Axelson, Bob Bowland, Pat Cole, Don Gorden, Sue Horner, Lovell Leach, Judy Richardson, Greg Saindon, Winnifred Stahl, Myrtle Turner. The first stage of this journey, we were led by Mrs. Rosenberger.

In the second stage Miss Margeret Carlson took over and tried to teach us spelling and arithmetic. Furman Brown, Dick Davis, and Kathy Price were added to bring a little zest and happiness.

Miss Ford took us in, on the next stage of the journey, and helped us struggle through the times tables. Two pleasant little girls joined us at this stage, Rose Ann Grillo and Burnetta Michaelis.

In the fourth stage Mrs. Belle Schneider's patience was tried by this ornery, fast-growing bunch. Byron Brumbaugh, and Dennis Starr came then, to bring joy to us, but sorrow to the teachers. Ruth Groves also came and brought her sweet smile with her.

The fifth stage was a hard, but well remembered one. Mr. Wesley Norley took us in hand and worked with our co-ordination by tossing erasers and yard-sticks. Our loveable, laughable, Johnny O'Donnell came from Tucson, at this stage.

In the sixth stage we made a very important discovery, there was an opposite sex. Miss Annette Long helped us make this discovery by teaching us to square dance. Gene Edwards joined this happy but confused bunch at this stage.

As the seventh stage opened our hearts were gripped with excitement. We were making the big step. We were moving into the high school building. Mr. Ogden was forced to help us through this trying stage. Irene Duffield and Loretta Gage became a part of us here.

Mr. Diele took over in the eighth stage. We began to realize what life was about now, we were getting bigger and smarter. Marilyn Bottenfield and Barbara Tonn were added here and have proved very worthy of the great class they are in.

The ninth stage our beloved Mr. Elliott guided us through the torturous freshman initiation. This year we met tragedy, someone burned down our beautiful bonfire on which we had worked so hard for homecoming. Judy Romarine, Nancy Greenley and Larry Sell came that year to add to the happenings.

Mr. Elliott still held a firm grip on us as we ventured through the tenth stage. Geometry gave us fits, Spanish drove us wild and we didn't know an adjective from a noun, but we sure had fun. LaVonna Long joined the band in this stage to add a little spice.

In the eleventh stage Miss Carlson helped us to give "Time Out For Ginger." We had a hard time learning our lines in between cokes at the "Bus" but we did it. Mr. Elliott guided us through this stage, but left after he saw us on our way to the last stage. Joyce (ya all) Cullender was added here and has given the class our "missing link," we are now complete.

This is our twelfth and final stage, we are wading through bookkeeping, heads up, hearts down, struggling with Health, and dying over Chemistry. Mr. Harry Slater, pipe in smiling mouth, is giving us that extra spark we need to make it. Walt Osborne joined us from Kansas on this highest level and helped us to make it a better year.

As we look back over the twelve stages we remember good times, those which keep us so close together are the happiest ones.

We are now nearing the end of this very important journey and we know we shall never forget a single moment.

Class Prophecy

Year - 1967; month - May; day - 24th. This is a special day for the class of 1957! Old friends will meet once again in the halls of I. S. H. S. for a reunion. I shall tell you about each member of the class as they arrive.

Furman Brown, after 10 years of party life, has become a confirmed bachelor and moved into a desolate mountain cabin near Gould.

Dick Davis is now basketball coach at Central City. He vows they will beat the I. S. H. S. Jr. High even if they don't win another game.

Nancy Greenley has had 10 years to straighten out her love life, but at the present she says it seems it will take her another 10!

We see Deanna Abbott admiring the new addition of her shorthand book. The Simplified edition. Her motto is "Learn Shorthand today - the Abbott way."

Kathy Price is washing twin diapers from 7 to 11 and working her regular shift at the telephone office 11 to 7.

Larry Sell, now 7'6" is the star of the Phillips 66 basketball team. How he's grown.

We see Greg Saindon and wife Shirley are trying their luck managing the Bus Depot.

While getting married, Marilyn Bottenfield got so confused over which of 6 men to choose that she joined the French Foreign Legion to try her luck there. Good Luck, Bott!

John O'Donnell is now a leading optician. He found that it is a lot cheaper if he makes his own glasses by the dozen.

Sue Horner, although she has degrees from Princeton and Harvard is still the hamburger queen of Idaho, only now she owns her own string of drive-ins.

During Don Gorden's high school years he became so henpecked that he is now a chicken raiser.

We find Joyce Leola Cullender living in the wide open spaces of Texas raising little crows . . . Andy's that is.

Barbara Tonn is the first lady state hi-way patrol. Her district is Floyd Hill.

Byron Grundy (Moose) Brumbaugh left us 10 years ago to become a famous lawyer, but we find he is still painting the yellow lines on highway 6 & 40.

We see Gene Edwards trying to sell John O. his "Make it Run Kit" for dated cars.

Alas - Dennis Julian Starr is a typical family man. Dennis is following the Chinese custom of binding his children's feet so they won't be as big as his.

Walt Osborne, also a typical family man is teaching his son Ju-Jitsu in case he ever encounters any wrestlers as rough as he did his senior year.

Marilyn Axelson is here with mink stole and cigarette holder. Busy as president of the Axelson Axel Grease Co. she still is a party girl.

Patti Cole is patiently awaiting the arrival of her 6th little redhead; all boys of course.

Irene Duffield is now Mrs. J. R. Albers. She and Jim team up to hunt big game. At present they make their home in Siberia.

Loretta Gage has made millions on a fabulous reducing diet and her own TV show.

Rose Grillo now owns Berthoud Pass, Inc. She put her best medicine to work on the skiers.

With a smile as sweet as ever, Ruth Groves is a world-famous author. AND WHAT A CAR!

Dale Evans has retired and Lovell Leach has taken her place on TV.

LaVonna Long is working at one of the bright night clubs . . . pushing buttons on an automatic dishwasher.

She battled the navy for 10 years, but Burnetta Michaelis finally got Lon.

The Mining Journal "Phoebe Goodheart" column is now being written by Judy Richardson.

Winnie Stahl, still engaged to Herb A., is getting a fancier convertible every year.

Muffy Turner has yet to find a steady boyfriend. She is now campaigning for the presidency of the Idaho Spinster's Club.

Former head boy, Bob Bowland, left his Mt. Bowland Observatory to be at this reunion. Of course he brought his priceless possession . . . his telescope.

Judy Romarine is plucking chickens and candling eggs for Gorden's chicken ranch.
