Compliments of WELL'S CURIO

Foreword

We have attempted in these pages not only to present a record of the 1961-1962 school year, but also to capture the spirit of Idaho Springs High School for the memories of you who read this book in the years to come. May the democratic ideals of our school live long in our hearts and guide us toward a better world.

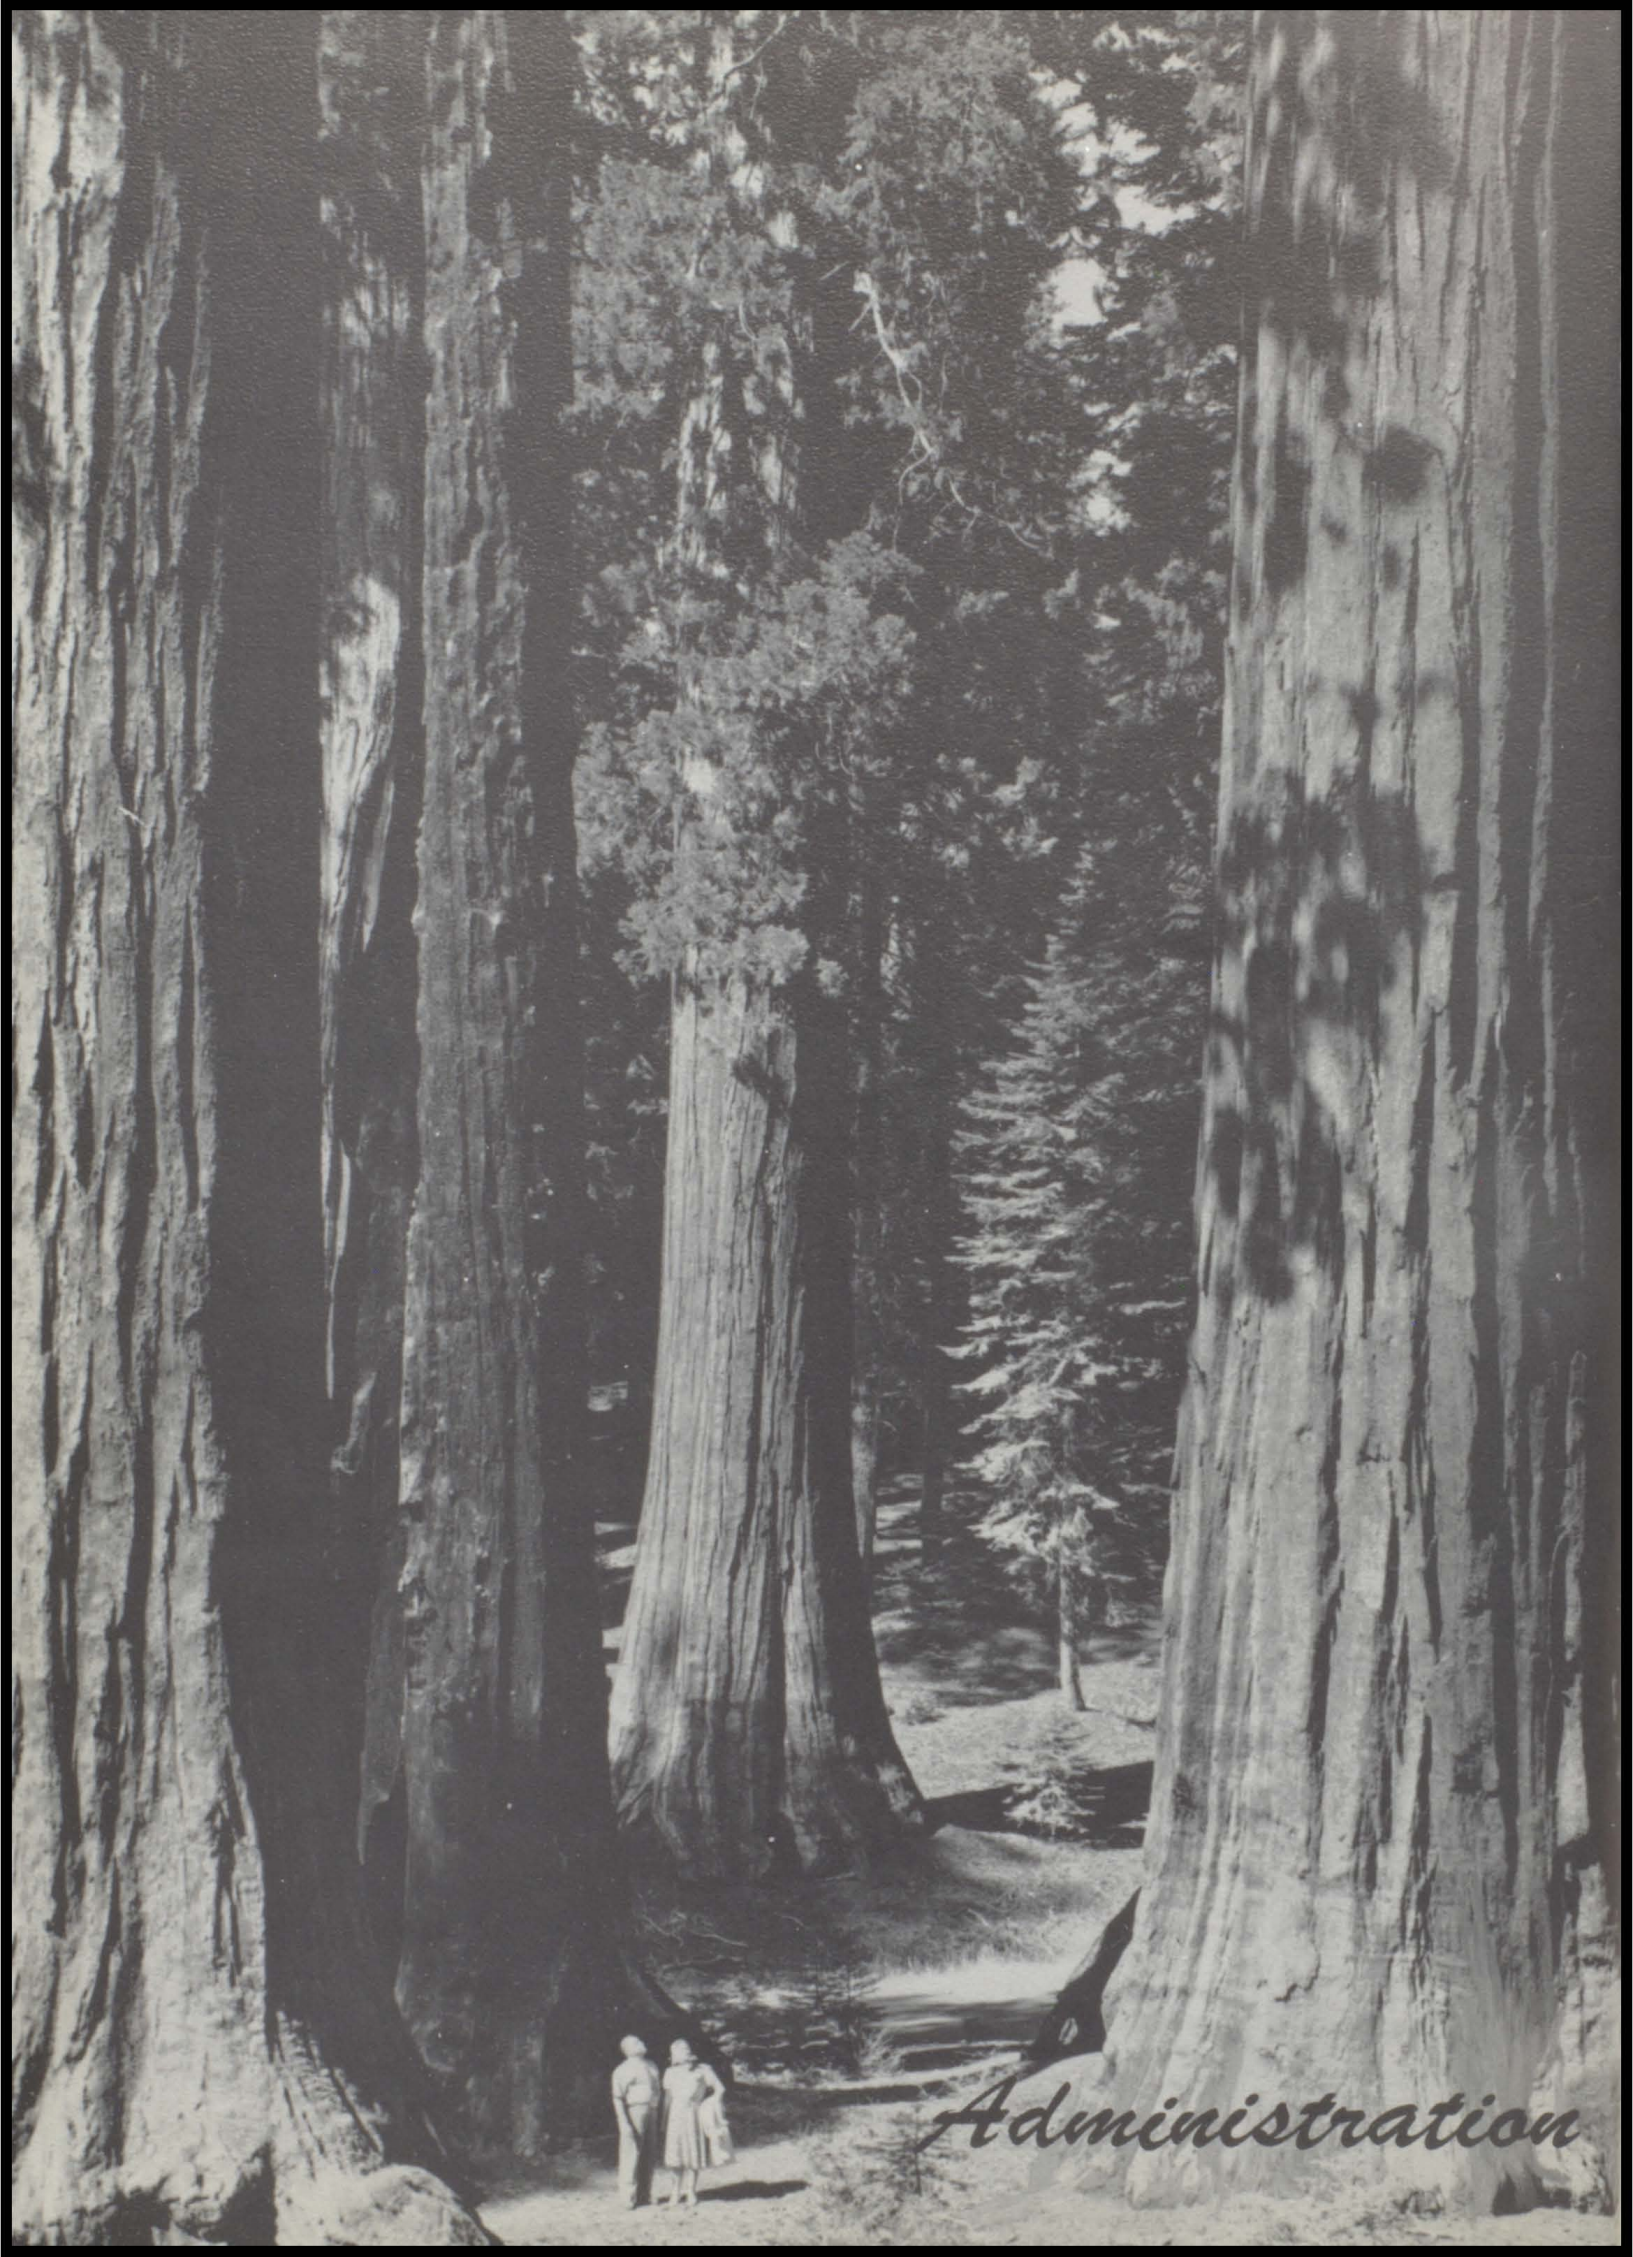

The Staff

Dedication

We, the class of 1962, proudly and with deep admiration, do dedicate this 1961-62 Golddigger to Mrs. Lea Shields who has kept our school building immaculate, and who has been the friend of all the students of our school for the past years.

It is our way of expressing our gratitude and our sincere appreciation for all that she has done for us.

Administration

Superintendent's Message

Congratulations to the Class of 1962!

Since this year's class will be of special significance to me because of my son graduating, it is rather difficult for me to convey to you my thoughts as I would to another class. I am proud to have a son graduating from Idaho Springs High School. I am proud of his classmates. You, and graduates of the past years, have made this school what it is today, a school every student likes to attend and be a proud graduate. In the future, you will have an active part as citizens of this community in the operation of the educational program of your schools. We will need your help in many phases of our educational set-up.

You have entered the Space Age. World affairs are moving at a terrific pace. There is much unrest in the world today. Keeping up with these changes will necessitate you preparing yourself with the best tools of educational philosophy. There is no such thing as success without a lot of hard, diligent work. Faith in humanity, love of your fellowmen, consideration for the efforts of others, hope and spiritual guidance are factors which will contribute to the leadership which the world needs today and in the future.

Go forth into this world and make a name for yourself so that you can lead others to help themselves, regardless of color, race or creed. The students of today are the teachers and leaders of tomorrow. Good luck and may God bless each and every one of you.

Sincerely,

Steve Klasna
Steve Klasna, Supt.

Principal's Message

The school year of 1961-62 is now in the past. It is too late to think of the things we should have done or the things we should not have done. I hope for you all it has been a year of challenge, a sense of accomplishment, and one you will remember for years to come. Although each year we must say goodbye to a senior class, I hope it won't be goodbye but that you will return often to the learned halls of Idaho Springs High School. To the underclassmen, I would wish for you next year even greater heights of endeavor than you have accomplished this year.

I would like to leave you this advice:

Tell the truth - falsehoods are hard to remember.

Shine the heels of your shoes as well as the toes.

Don't watch the clock; it will keep on going - you do the same.

You get out of life just what you put into it.

My sincere wishes of happiness and success to the senior class of 1961-62.

Sincerely,

Rex W. Hester

History

Ancient year of 1949 . . . strange little figures creeping toward the doors of learning . . . who??? first members of the noble class of '62 . . . learning lots . . . a-e-i-o-u . . . 2 and 2 = 4 . . . Spelling and arithmetic matches . . . assembly programs . . . holding hands (Big Stuff) arts and crafts . . . favorite class, recess . . . curls and crew cuts . . . love affairs finally, precious white diplomas . . . trembling hands . . . ole I.S.H.S. missing our shining faces.

On a bright September morning in 1949, eight wide eyed children began a long journey through twelve very important stages in their lives. They were, Alan Cole, John Grenfell, John Hager, Sharon Davis, Donna Hoffner, Judy Trenberth, Rhonda Treder, Kim Turner, and Robert White. During our kindergarten year we were led by Miss Scott.

In the first stage our class was divided into two sections one taught by Miss Margaret Carlson the other by Mrs. Mullenax. Mary Western was added to bring zest and fun!!!

In second grade Mrs. Kellenbenz took us in and no one was added to our class.

In our next stage of the journey Mrs. Schneider helped us struggle through the time tables. Four pleasant youngsters joined us at this stage. Steven Klasna, David Schuessler, Darlene Osborne, and Joyce Kutch.

In the fourth stage Mrs. Colson's patience was tried by this ornery, fast growing bunch. No one was added to our group.

The fifth stage brought a memorable experience to us because it was during this year that our new school was being built so we were temporarily moved to the high school. Sharon Lyons joined us here and brought along her sweet smile.

In the sixth stage Mrs. Annette Anderson went through the trying experience of teaching us square dancing. No one joined our happy but confused bunch at this time.

As the seventh stage opened we were excited with basketball games and the BIG excitement of the Central City Tournaments. The faces of three cute little boys joined us at this stage. Bob Albers, Norman Miles, and Bob Nowery.

Mr. Pohle took over our eighth stage, one that always seemed to have more of our happy bunch in the band room than anyplace else.

In the ninth stage our sponsors Mr. Colson and Miss Carlson guided us through our freshman initiation and the decorating of our prize winning float. The shining faces of Larrice Sell, Kent McRee, and Pete Montera joined us here.

Mr. Colson and Miss Carlson held a firm grip as we ventured through our tenth stage. Geometry gave us fits, Latin drove us wild, and we didn't know an adjective from a noun, but we sure had fun. During this stage a new crew from Georgetown joined us to add spice. They were, David Haines, Peter Holmes, Rosie Maag, Hans Windisch, Donya Menzies, Sarah Shepherd, and Alice Smith.

In the eleventh stage a new sponsor, Mr. Winchester helped us continue on our way. Mrs. Hester helped us give "Lo and Behold" and our sponsors helped us give "Enchanted Garden" Prom and Banquet. Lynn Kidd and Leo Fisher joined our crew to bring more fun.

Well, here we are our twelfth and final stage, remembering the past, wondering of the future. Sandee DeRoeck and Doug Kirchoff were added and gave the class our final link, we are now complete.

We are now looking back over our twelve stages as this journey is about to end and we all know we'll never forget a single moment.

It's the year 1972 in Idaho Springs, Colorado, and the class of 1962 is having their reunion.

First walks in John Grenfell and Robert White, they are now successful barbers in the White House.

Next we see Sarah Shepherd, she has become a successful tennis player and is trying for championship next summer.

Here's Leo Fisher, Pete Montera, and Hans Windisch walking in now, these fellows now own a large gambling casino in Las Vegas.

Mary Western just strolled in, she has become a personal fashion designer for Princess Margaret. LUCKY GAL!!!

Norman Miles hasn't showed up yet, but being a politician, one never knows.

Alice Smith just skipped through the door, she tells us that she has just won the title, "Miss Librarian."

David Haines and Peter Holmes tell us that they just skied down from Sun Valley, they have become olympic champs you know.

Rosalie Maag and Sharon Davis now own their own beauty parlor in the center of Death Valley. Any business girls???

Doug Kirchoff just returned from the dark jungles of Africa. As you know Doug had a plane crash a few years ago, and he's just returning home. Couldn't miss the reunion huh???

Judy Trenberth just leaped through the door, Judy, as you have probably heard, is the world's greatest leap frog jumper.

Lynn Kidd hasn't shown up yet, we hear he joined the French Foreign Legion and he's long gone.

Joyce Kutch and Rhonda Treder just came in the door, Joyce and Rhonda, as you know, are now working in the United States Secret Department. Some secret keepers!!!

Steve Klasna has become Superintendent of Clear Creek County Schools now, and the high school here has been equipped with a juke box, records, and a "No Homework" sign posted in each classroom.

Larrice Sell just informed us that she has become head of the staff of art designers and illustrators for Encyclopedia Britanica.

David Schuessler has become a rip-roaring politician and is running for President of the United States next term. Good Luck Dave!!!

Sharon Lyons and Darlene Osborne own Berthoud Pass Ski Area now, we hear they have turned their help into hard working slaves.

Robert Nowery just drove in on his motor scooter, he's president of a toy company now and he gets to try out all his new products first.

Donna Hoffner eloped 8 years ago and we haven't seen hide nor hair of her since.

Kim Turner and John Hager now own a peanut butter factory, we hear it's a sticky business.

Donya Menzies has become an actress, noted especially for her twisting ability, boy does that girl go!!!

Sandee DeRoeck came back a few minutes ago, she owns a dog show now, and does her performing all over the world.

Bob Albers is a Texas oil man now, and he told us he's trying to buy Colorado, but I guess his luck is wearing out.

Alan Cole walks in last, Alan as you know is Dean of Professors at U.C.L.A., and doing very well at it we might add.
