THE GOLDDIGGER

THE GOLDDIGGER

The publication of this year-book has been a challenge to all of us. And now that we present this edition of the "Golddigger" we are proud of what this work has meant to us.

It has required the cooperation of our sponsor, students, staff, and those who have contributed their support through advertisements. We wish to thank you who have helped us.

The challenges of higher learning, adventure, and new worlds to conquer lie immediately before the members of the Senior Class. May they meet these challenges with courage, faith and steadfastness of purpose.

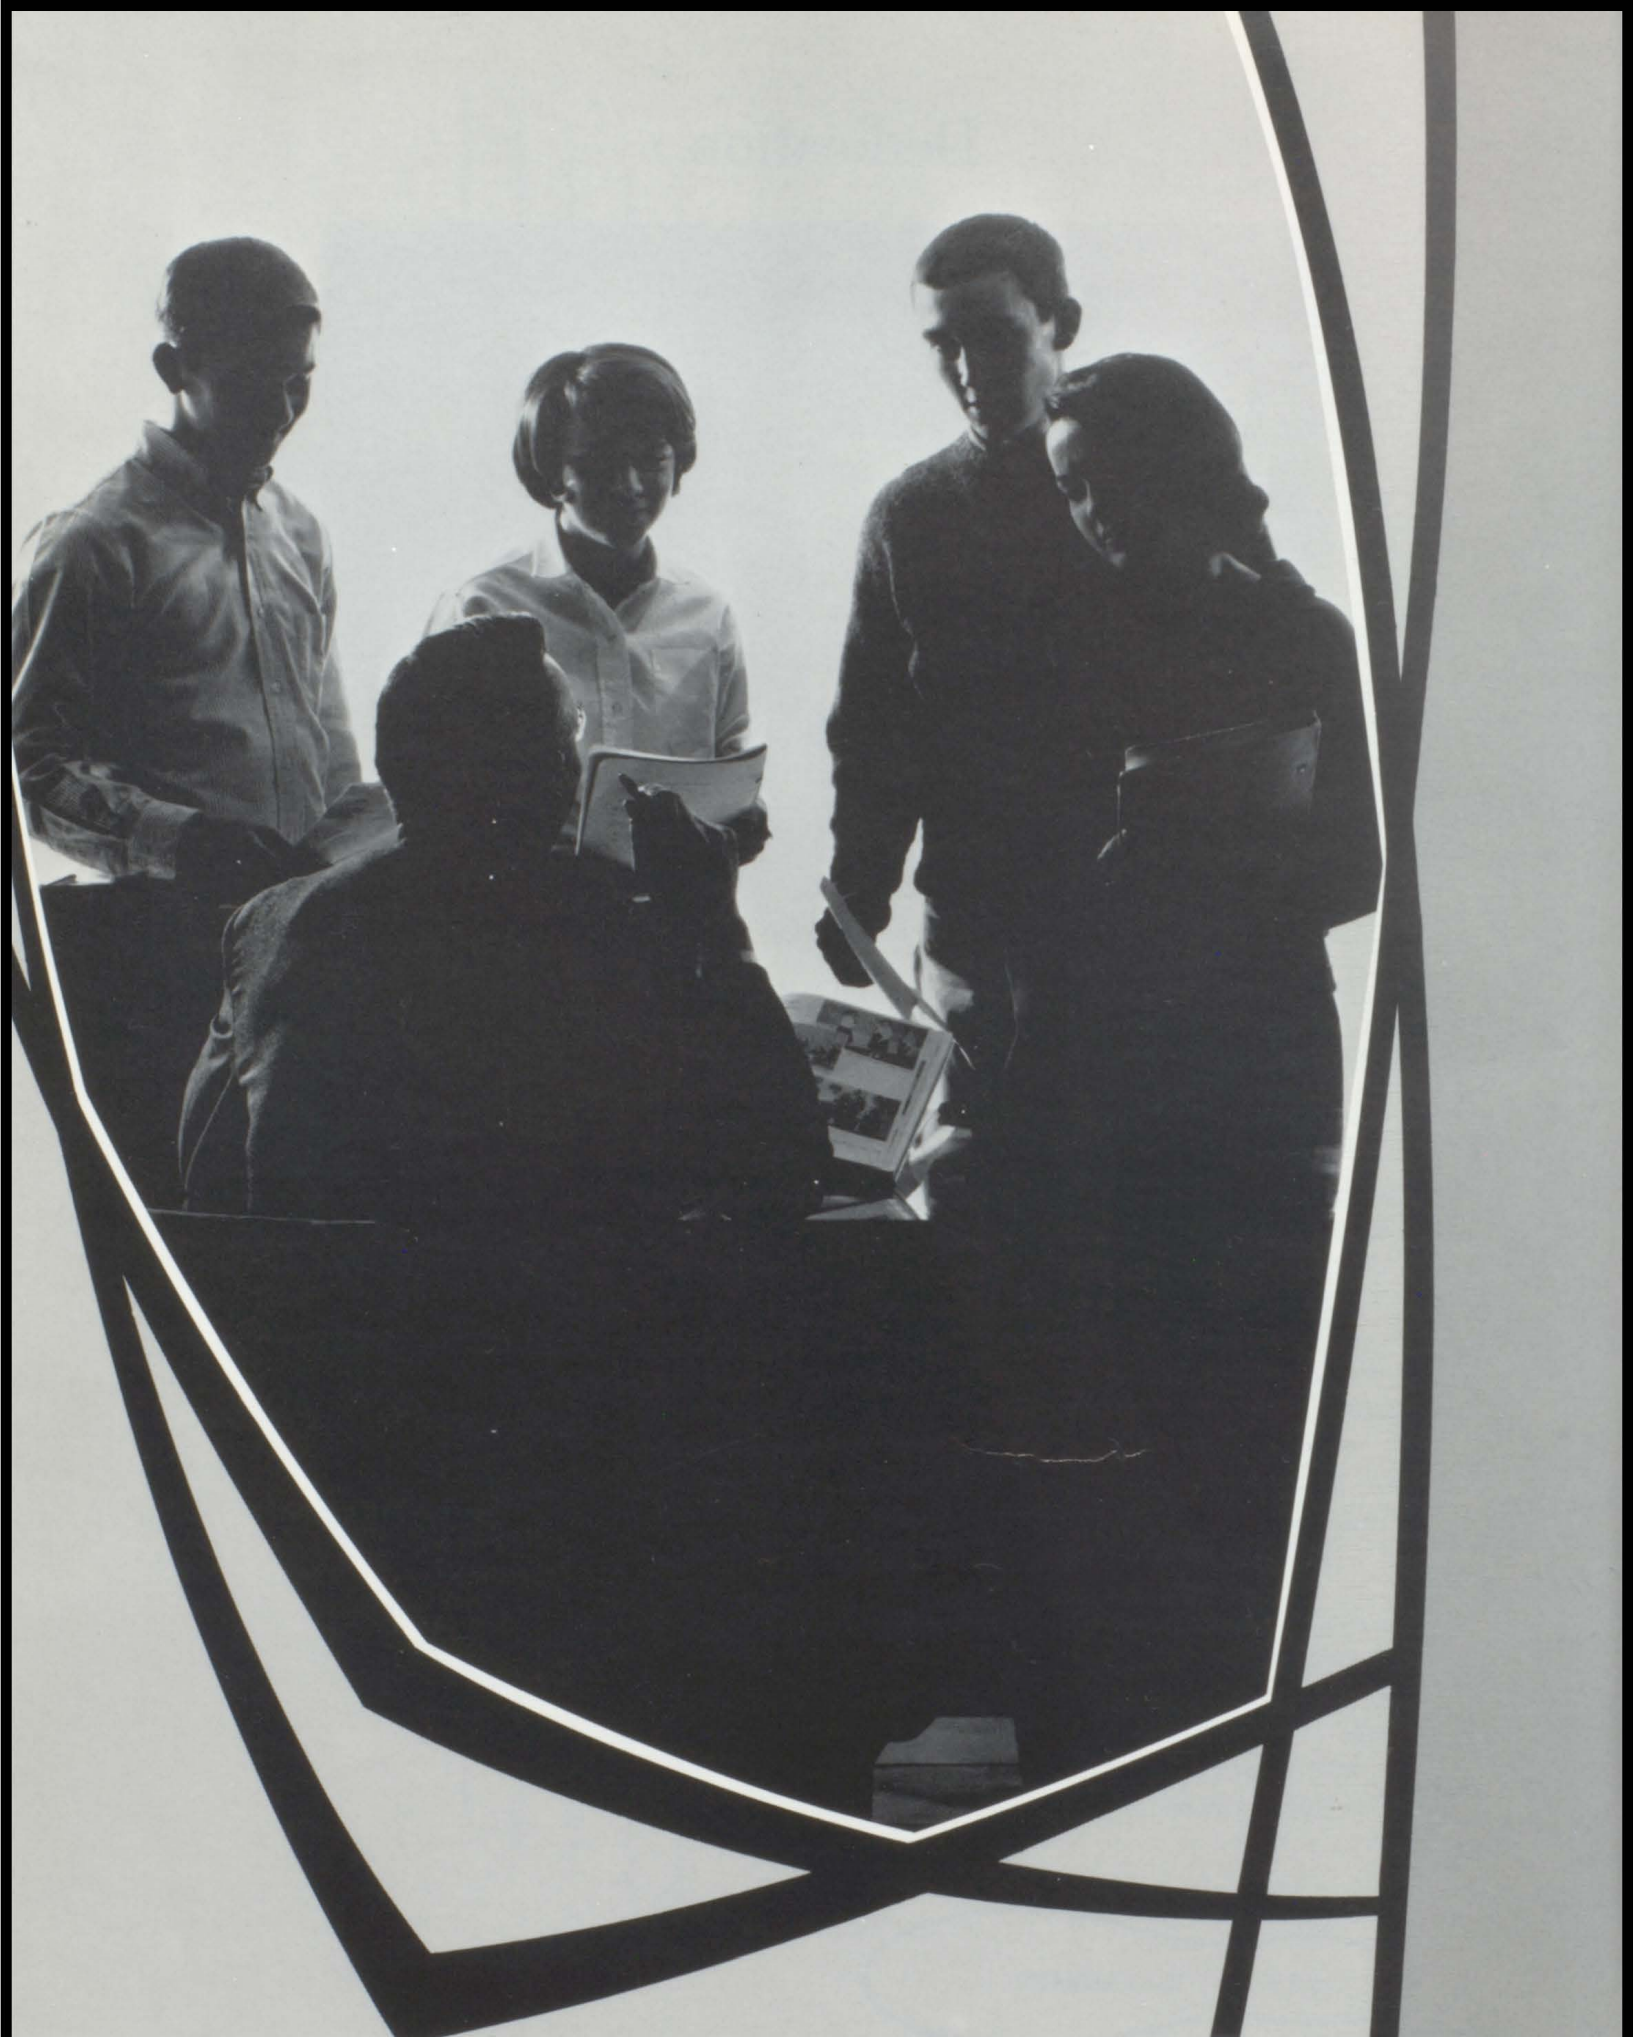

Dedication

With sincere appreciation, we dedicate this 1965 "Golddigger" to Mrs. June Cremers, who has been a great help to the student body of C. C. H. S. With this dedication, we would like to express our thanks and good wishes to Mrs. Cremers.

ADMINISTRATION

Superintendent's Message

One's life is a continuous drama. The entire world is the stage on which we have a role to play. The curtain rose at the time of our birth and will descend on our final day.

As we pursue this wondrous drama it is filled with suspense, apprehension, happiness, heartaches and continual challenges.

At this time the Senior Class of 1965 steps forward into the spotlight to receive their last curtain call at Clear Creek County High School. I am sure the sound effects reveal both delight and sadness as each of the graduates are now ready to go their individual way. We hope your endeavor in the school system has been both rewarding and of benefit for your casting into new activities.

Remember there is dignity to all types of work. The important thing is to accept a task and do it well. You have completed but one phase of your education. Strive to pursue the quest of knowledge throughout all the rest of your life. I have enjoyed my association with the members of the class of 1965 and it gives me a great deal of pleasure to extend my best wishes for your every success.

When the next spot light catches you, I hope the backdrop shines in pink and amber hues. Let the audience feel an exciting glow from the worthwhile contributions you make to our society and our country.

Sincerely

Robert F. Metzler
Robert F. Metzler, Supt.

Principal's Message

It is a privilege to have had the opportunity to work with the staff and student body of Clear Creek High School during this year of growth and change. Exciting things are beginning to happen in the field of education and we should all be proud to be a part of it. As with all "Pioneers" the sailing has not always been smooth and many obstacles must still be overcome. We are in an age of change, the problems of this decade require different solutions than those of a decade or two ago. Time, in this fast moving age, is of the essence. We must find more creative and efficient ways and means of doing things. The pat answers and standard solutions that we all rely upon may not be good enough. We will stumble and maybe even fall but we must rise again and continue to struggle on. We are on the brink of a marvelous age which will require the creative and well-trained mind and body that has the wisdom to learn from the past and not be bound by it.

Sincerely

David Barbee
